Consumers of services funded through the Area Agency on Aging (AAA) shall have the opportunity to file a written complaint against an AAA-funded program or an employee or volunteer of that program.

The time frame to resolve a complaint at the service provider level shall be no more than thirty (30) days from the date of receiving the complaint. Consumers will receive a written acknowledgement letter that clearly states the grievance levels. All complaints received will be kept confidential and only information relevant to the complaint will be shared with the respondent without consent of the complainant. The complainant has the right to remain anonymous but will need to provide an address for written correspondence. An email address is acceptable. This grievance policy is available to all clients through FCA's website, CareNav, and in the office. It can also be mailed to consumers as needed.

Should the complaint not result in resolution at the provider level, the consumer or his/her representative may bring the complaint to AAA. All notifications to the complainant shall include a statement that the complainant may appeal to AAA if dissatisfied with the result of the service provider's review. The levels of resolution are as follows:

First Level: The service provider (FCA)

Second Level: The Area Agency on Aging Program Manager or Director

Third Level: A hearing by an impartial officer or panel
