FAMILY CAREGIVER SCREENING TOOLKIT

A Resource for San Francisco Bay Area Health Care Providers
FAMILY CAREGIVER SCREENING TOOLKIT
A Resource for San Francisco Bay Area Health Care Providers

Nearly 48 million Americans provide care for an adult family member or friend. Despite the rewards and sense of purpose many get from caregiving, those in this “invisible workforce” oftentimes struggle with overwhelm, stress, financial challenges, and feelings of isolation.

By asking two simple questions during your next patient visit, you can help identify family caregivers who may need help — and directly connect them with the resources they need.

What’s in this toolkit?
1. Family Caregiver Screening Sheet — A printable sheet containing two questions to ask your patients.
2. Top 17 Resources for Family Caregivers — A go-to list of the resources rated most popular by the caregivers we serve.
3. Information Sheet about Family Caregiver Alliance — A takeaway for San Francisco Bay Area caregivers (or their care recipients) that describes our free services and support.

Why use this toolkit?
▶ Many family caregivers are struggling and need help — 60 percent say finding services and support is difficult.
▶ You can directly help caregivers — most caregivers don’t talk to providers about caregiving challenges, but you can connect them immediately to needed services.

Who should use this toolkit?
Health care providers such as physicians, nurses, medical assistants, physical therapists, dentists, podiatrists, audiologists, and other allied health professionals.

About Family Caregiver Alliance
For more than 40 years, we’ve helped family caregivers of adults across the country who are living with chronic health conditions. A San Francisco-established nonprofit, we also serve as the Bay Area’s Caregiver Resource Center, providing local caregivers with in-depth, expert support and connections to resources and services in their communities. You can connect caregivers with one of our professional Family Consultants by faxing us a caregiver referral or passing on our contact info:

Two questions for your next patient visit

These two questions can help you identify caregivers and connect them with free caregiving resources and support.

“DOES SOMEONE HELP YOU WITH DAILY OR OCCASIONAL CARE?”

IF YES ...
Ask your patient to let their caregiver know that:

“DO YOU HELP AN ADULT FAMILY MEMBER WITH DAILY OR OCCASIONAL CARE?”

IF YES ...
Let your patient know that free help is available — whether they’re feeling overwhelmed or just need quality info:

FAMILY CAREGIVER ALLIANCE offers free resources, information, and personalized support at www.caregiver.org or 800.445.8106.

You’re there for them. We’re here for you.

When you are caring for a chronically ill family member or friend, it’s easy to forget to take care of yourself. For more than 40 years, Family Caregiver Alliance/Bay Area Caregiver Resource Center has recognized the unique needs of family caregivers and developed services and resources to meet these needs.

When you contact Family Caregiver Alliance (FCA), a staff member will speak with you about your caregiving situation. You can also ask to meet with an FCA Family Consultant for a caregiver assessment and care planning session. These support services are offered at no-cost to qualifying family caregivers in the greater San Francisco Bay Area.

Our Services

INFORMATION AND REFERRAL

FCA offers many resources and tools for caregivers including:

♦ FCA CareNav™, a simple, user-friendly tool designed to help families navigate the complexities of the caregiving journey. After completing a brief Care Review questionnaire, caregivers receive personalized, immediately useful, caregiver-recommended resources and support. NOTE: An FCA Resource Specialist will follow up with all caregivers who begin their journey with CareNav then connect them with a Family Consultant for additional services as needed.

♦ High-quality information and training of value to family and friend caregivers. This includes:
  — Articles and overviews on health conditions, planning for care, daily care, self-care, legal issues, and more.
  — Educational webinars and videos on a range of caregiving topics.
  — Online and in-person classes on caregiving topics such as understanding dementia behaviors, stress management, care planning, and practical daily skills for caregivers.
  — Our monthly e-newsletter Connections, which links you to issues and information important to family caregivers.
  — Referrals to community programs such as adult day care, support groups, home care, and respite.

FAMILY CONSULTATION

♦ Our comprehensive Care Evaluation is an assessment of your individual care situation. Our professionally trained Family Consultants meet with the family caregiver (adult child, spouse/partner, other relative, or friend) to gather key information about the caregiving situation to help the caregiver create a Care Plan.

♦ Determine eligibility for legal/financial consultation, support groups, respite services, and individual counseling

♦ Help with long-term planning

♦ Ongoing support throughout your caregiving journey
